GREAT FORTUNES.

Great fortunes are not easily acquired in these days of sharp competition and base treachery. Even when they are acquired, they too often find the possessor a mere weakling, having made a drudge and slave of himself by toiling incessantly for that which he is permitted to hold for a few brief months before he is laid away in the grave. We must confess that in this view of the case, the "Great" Henderson Co., Ky., Prize Scheme has powerful attractions for even the most staid. Here are great fortunes, to be won without haggard toil, and the whole secured by a legal character, and in the hands of men of most undoubted integrity. We are ready to aid any of our friends who may command us, in securing tickets or information about his matter.
